2022 FINANCIAL REPORT	31

After two years without traveling to see our partners around the world, it was great to have the first hand reminder of why we do what we do. While we have remained in the US trying to ensure our funding continued through challenging times, our partners continued to work hard day after day. Having continued connection through digital platforms was important but nothing beats real person-to-person communication.

I was fortunate to visit Burundi and witness the beginnings of a new patient organization. The hope and uncertainty was palpable but it's a good reminder that every organization we work with had to start somewhere. The hurdles our partners have to overcome are monumental but the support from Save One Life and our sponsors provides a huge boost.

We also met our partners in Cambodia, where we have worked since 2016. Despite being far ahead of the patient community in Burundi, it was a powerful reminder of the work that still lies ahead. We met two brothers living far from the hospital. Their family is struggling to get by. Their home only has three full walls, a leaky roof and stands in a flood plain. Their sponsorship funds allow them to visit the hospital, when needed, but it is a reminder of the monumental challenge we still have ahead of us.

There are still many families out there that will need our support. I hope that we can make sure that all those that need help have a path forward. None of that is possible without you, our wonderful sponsors and donors.

Thank you for being a part of the change. Thank you for bringing hope. Thank you for being a part of Save One Life.

Sincerely,

Chris Bombardier
Executive Director

GIVING OVERVIEW

2022

\$489,400 SENT TO OVER
1256 BENEFICIARIES IN 14
COUNTRIES

\$61,023 AWARDED TO 73
SCHOLARSHIP RECIPIENTS IN
8 COUNTRIES

\$53,840 SENT TO 61 MICRO-
ENTERPRISE GRANT RECIPIENTS IN 12
PROGRAM PARTNER ORGANIZATIONS

7,354,807 IU AND 218MG OF FACTOR
DONATED TO PATIENTS IN COUNTRIES
THROUGH PROJECT SHARE

HIGHLIGHTS 2022

PROGRAM TRIP TO CAMBODIA

In November, Executive Director Chris Bombardier and Program Manager Jenn Brockway-Peirce visited Cambodia. Chris and Jenn spent time with both the Phnom Penh and Siem Reap chapters, and they were welcomed into the homes of 14 Save One Life beneficiaries. They heard first-hand how much the sponsorship funds are needed and the many ways the funds have helped improve their lives.

The resounding message from each beneficiary was heartfelt thanks to their sponsors. The funds help them access the hospitals for care and pay for school fees. The funds bring them hope, knowing someone from across the world believes in them.

Chris and Jenn with 32 beneficiaries in Siem Reap, after the distribution of their sponsorship funds.

Chris and Jenn with the Cambodian Hemophilia Society Board of Directors after an amazing meeting and dinner.

With his sponsorship funds, Chomreun got a new bike. He can use this to ride the 3km to school.

SPONSORSHIP HIGHLIGHT

In July, the entire Save One Life team virtually attended an Awareness Event hosted by the Hemophilia Foundation of Pakistan, Lahore Chapter. This event, for beneficiaries and their families, was an opportunity to provide education and distribute sponsorship funds to beneficiaries.

We heard from Sadia, who thanked Save One Life for the support she received. It allowed her the opportunity to complete high school and her Bachelor of Science in Nursing. Now a staff nurse and independent professional woman, she is able to effectively cope with her bleeding disorder. She comes from an underprivileged family, and it was difficult for her father to support Sadia's education on his own.

MICRO-ENTERPRISE GRANTS HIGHLIGHT

Christian, a young man with hemophilia A from the Democratic Republic of Congo, currently lives in the Nakivale Refugee Camp in Uganda. He started a small studio where he sells movies and music, offers printing services, repairs computers and installs software.

With the help of a Save One Life Micro-Enterprise grant, Christian expanded his business to provide additional income for his family, including four of his siblings who also have hemophilia. The Micro-Enterprise grant has had a big impact on this family.

SCHOLARSHIP HIGHLIGHT

In 2022, Adrian Vaduva is in his final year of medical school. He has been a beneficiary of the Save One Life sponsorship program since he was 10 years old.

33

I am in my final year of medical school and you have been a very important part of my journey.

When I started receiving the sponsorship I was going through a very rough time. My mother, a single parent with no income, was trying to turn our life around by attending college at 35 years old while trying to raise me the best she could. Your help...gave me the stepping stone I needed to start believing I can become whatever I want because there would always be help along the way.

I really want to express my gratitude for everything you have done for me and for what it meant to have a helping hand always reached out to me during my years of study.

33

PROJECT SHARE HIGHLIGHT

Taochan, from The Philippines, was hospitalized in May 2022 after a severe bleed from his Covid vaccine. Thanks to Project SHARE and the access to treatment, Taochan now lives a normal life. He does well in school and his teachers praise his positive outlook on life.

TRIP TO BURUNDI

In July, Chris traveled with the French Hemophilia Association (AHF) on their first visit to Burundi. He was joined by Thomas Sannié and Dr. Philippe De Moerloose, who have been working to bring better bleeding disorder care to French speaking African countries since 2014.

In Burundi, treatment of bleeding disorders is nonexistent. The few patients they met traveled to Rwanda to confirm their diagnosis. Several years ago, a father, Gilbert, brought his son to Rwanda for exactly that. His trip to Rwanda led to the creation of the first bleeding disorder patient organization in Burundi. Unfortunately, Gilbert's son passed away. Despite this loss, Gilbert was passionate to ensure that others in Burundi didn't experience what he and his son did.

Chris with Dr. Philippe De Moerloose (far right), Gilbert (right middle) and Thomas Sannié (second from the left).

Chris watched Thomas and Dr. de Moerloose as they trained health care professionals and patients about their conditions. Many of the health care professionals and patients had never heard of hemophilia but welcomed the information, excited to learn how they could improve bleeding disorder health care in their country. Felix is a patient that especially stood out. He was a bleeding disorder advocate who educated himself through his own research online.

Felix learning about self-infusion.

The trip included a meeting with hospital administrators and the minister of health to find a way to start a HTC in Burundi. After this visit, Thomas and Dr. De Moerloose will engage their partners in Lyon, France to continue training and start the first HTC in the country.

FUNDRAISERS

WHEELS for the WORLD 2022

THE HISTORY

Wheels for the World debuted in 2012 when community member Barry Haarde rode his bicycle across the country to support Save One Life.

Barry was inspired to give back to those living without the resources to manage their bleeding disorders. His first ride was a tremendous success and he would go on to ride a total of six cross-country rides in support of Save One Life.

Barry Haarde

Wheels for the World has continued to bring awareness to Save One Life and raise desperately needed funding for our programs.

THE IMPACT

Our riders and bleeding disorder community members at our second annual NEHA day in Providence, RI.

Two riders stopping to admire a beautiful view along their route.

In 2022, we continued the virtual model with additional in-person rides that allowed participants to ride together. Our second annual New England Hemophilia Association Day ride in Providence, Rhode Island had another great turnout and our inaugural ride held in Tempe, AZ was also well received!

THIS YEAR'S RIDES

GRAND CANYON CHALLENGE

In May, 20 hikers took to the trails of Grand Canyon, braving 107° heat and raised over \$52,000 for Save One Life!

The Grand Canyon event was planned to allow maximum participation in our adventure fundraising, since the trip took place in the United States.

Save One Life has frequently used adventure trips to help bring awareness to our cause. The interest in this trip was overwhelming and we look forward to hosting this trip again in the near future.

Our Grand Canyon Climbers had their #NosesOn in support of Red Nose Day 2022, which highlights the need for access to quality healthcare and nutritious food, a safe place to call home, empowerment and education for children around the world.
